

## *OEM Reverse Osmosis Water Package Plants*

**Location** Australia and Asia

**Capacity** Up to 10ML per day

### *Project Overview*

Over the past 15 years, SAGE has built our electrical control and automation expertise in various water treatment processes. During this time, more than 100 desalination and water recycling solutions have been delivered to various end customers.

Some end customers include;

- Santos
- Coca Cola
- Contry Energy
- Visy
- Bemax Resources
- Ulan Coal
- Iluka Resources
- Boddington Gold
- Watercorp
- Alstom
- Gorgon Gas
- Era Uranium

### Technologies

- Desalination
- Reverse Osmosis
- Microfiltration
- Ion exchange
- Nano / micro / ultra-filtration

### Industries

- Water
- Food and Beverage Manufacturing
- Mining
- Power
- Community water supply

Water treatment processes delivered to some of the world's leading companies

### Capabilities Demonstrated

- Project Management
- Project Design
- MCC Design and construction
- Adhering to short project deadlines
- Ability to deliver on time and on budget
- Software development
- In-house Factory Acceptance Testing (FAT)
- Remote site installation
